

2023 PRESIDENT'S CUP - RULES of COMPETITION

- All matches should be completed within two weeks. Matches can be played on any course agreed upon by both players, but it is preferred that matches be played at River Ridge Golf Club. There will be times made available each Sunday with the Sunday Boys between 6:58 and 8:02.
- Failure to agree upon a time and place to play *WILL* lead to the disqualification of one or both players at tournament director's discretion.
- The lower seed has the primary responsibility to contact his opponent, but this does not relieve the opponent from his responsibility to see the match takes place in a timely manner.
- Match Play Rules apply in all matches—they are different, *so be aware!!*

Handicap

- All players will use their Current indexes, updated after every posting. Before your match, check your index to get the correct course handicap.
- The lower handicap will play scratch and the higher handicap will take strokes on the number of hardest holes (handicapped 1,2,3) equal to the difference of the higher and lower handicap based on the course (whatever course they play) handicap rating (not the players index). FOR EXAMPLE, if the low player gets 6 and the high player gets 9, $(9-6=3)$ then the high player gets one stroke on handicapped holes 1,2 and 3. Hope this is perfectly clear. This is based on the USGA recommendations.

Pace of Play

Pace of play is always a concern!! Stay within one shot of the group in front of you. The group behind you is the concern of the course marshals. "Nobody is pushing us" is not an excuse for being out of position. Be ready to play.

Have fun out there.
